Social Contract Theory A Theory Of Political Obligation

In contrast, if "political" refers to the agent or entity

to whom a person owes the obligation, then a theory

of political obligation will be synonymous with a

theory of the duty to obey the law, since it will aspire

to explain why those who are subject to a particular

state's jurisdiction, be they citizens or foreigners,

have a moral duty to act as it directs them to act.

Political obligation refers to a moral requirement to obey national laws. Its origins are unclear, however it traces to the Ancient Greeks. The idea of political obligation is philosophical, focusing on the morality of laws, rather than justice. Discussion of political obligation grew during the era of social contract theory, in which Thomas Hobbes and John Locke were crucial in explaining the idea and its importance. Political obligation is distinct from legal obligation.

~~Political obligation — Wikipedia~~

Unlike the theories previously discussed, a utilitarian account of political obligation is forward rather than backward looking, deriving political obligation from the future goods to be produced by obedience, rather than from what citizens have done in the past or what has been done for them. Utilitarianism posits that actions that maximize utility are morally required.

Political obligation has been a significant and enduring problem for liberals because they place a premium upon individual liberty, and states restrict this liberty with coercive laws. There is nothing logically inconsistent about both valuing individual autonomy and positing a duty to obey the law, but it is incumbent upon liberals to explain how citizens

The theory of Bodin may be resumed in three propositions. The first is that the family is a given natural fact, which you must simply accept, and that it naturally involves for its head a right both of property in possessions and of authority over persons, which you must also simply accept.

~~Theories of the Ground of Political Obligation~~

Consent theory is a rich and complex branch of the philosophy of political obligation, one with far more nuances and sub-arguments than I can explore here. What it has going for it is that, unlike the other theories of political obligation, consent clearly works. Those who do consent to be bound are bound. The trouble with consent, however ...
