Your 401 (k) or 403 (b) (or other employer plan or pensions) Supplemented savings (like investments, savings, and annuities) “Even if you max out your 401 (k), it likely won't be enough to cover what you need in retirement,” says Reddy. If you're a high earner, annual limits on contributions will likely mean you can't save as much as you need if you want to continue your current lifestyle.

Going Beyond Your Employer's Retirement Plan | Principal

Using your 401k plan, or other employer-sponsored retirement plan, as a primary vehicle to invest for retirement is perfectly reasonable. But whether it will be enough to fully fund the type of retirement many of us dream of is another question entirely.
