Bringing the Empire Back Home: France in the Global Age by ...

In Bringing the Empire Back Home, the inventive cultural historian Herman Lebovics provides a riveting account of how intense disputes about what it means to be French have played out over the past half-century, redefining Paris, the regions, and the former colonies in relation to one another and the world at large. In a narrative populated with peasants, people from the former colonies, museum curators, former colonial administrators, left Christians, archaeologists, anthropologists, soccer ...

Bringing the Empire Back Home: France in the Global Age ...

Bringing the Empire Home tracks colonial images of blackness from South Africa to England and back again to answer questions such as these. Before the mid-1800s, black Africans were considered savage to the extent that their plight mirrored England's internal Others—women, the poor, and the Irish. By the 1900s, England's minority groups were being defined in relation to stereotypes of black South Africans.
